NO. 216

## SENATOR TILLMAN WEEPS IN ADDRESS TO SENATE

### SPEECH CAUSED ADJOURNMENT

In Face of Jeers Southern  
Senator Stood Up for  
Women's Rights and De-  
nounced Roosevelt

Washington, Jan. 17.—The recent forcible removal from the White House of Mrs. Minor Morris was made the subject of emphatic denunciation by Mr. Tillman in the Senate today. His remarks called out remonstrance from Senators Hale, Hopkins and Daniel, and led to a very abrupt closing of doors and a sudden adjournment of the Senate in the middle of the afternoon.

The speech abounded in Mr. Tillman's peculiar expressions, and was characterized by many severe and exceptionally personal thrusts at President Roosevelt. At time he wept over what he regarded as indignities to a lady, and his voice and eyes were full of tears when he declared in the face of protests from his fellow Senators, that he would demand investigation of the White House incident. Reference to the treatment of Mrs. Morris constituted the latter half of his speech, based upon a resolution making inquiry of the President concerning the status of our relations with the Republic of Santo Domingo, and was added to illustrate his theory that the present administration is tending toward imperialism. In the first part of his address he characterized the course of the United States in Santo Domingo as a great extension of the Monroe Doctrine, and said that if pursued the policy would lead the country into many serious complications. He accused President Roosevelt of putting a treaty into execution in the face of the Senate's refusal to act, and denounced the Senate as willing to submit subversively to all that is asked of it, and implored Senators to show their independence and thus teach the executive a lesson, and at the same time save the country from the occurrence he declared that the President had been derelict in failing to punish his subordinates for their course, and quoted statements from persons said to have been witnesses to show that the proceeding had been inhuman. He said that he would tomorrow formally present a resolution for an investigation of the entire incident.

This announcement occasioned a number of hurried conferences, and it is understood that as a result of them Mr. Tillman will be urged not to carry out his purpose. Prominent Senators on both sides said that the resolution would command but few votes.

## THEY BUNCOED EASTERN PEOPLE

Lots in Mythical Town in  
Sonora Are Selling Rapid-  
ly To Tenderfoots

The Oasis, of Nogales, has an interesting story to tell of a mythical town in Sonora in which citizens of the East have been investing and which cannot be located. The Oasis says:

"One day last week a large and jovial looking gentleman walked into the office of the right-of-way agent of the Cananea, Yaqui River & Pacific railway and asked Mr. Crane for some information about Victoria."

"Don't know anything about it," was the reply.

"Why," said the gentleman, "back where I came from they are selling lots in that town right lively—I've got a few of them myself, and he produced a blue print map of Sonora, showing the location of the town on the Yaqui river, in the vicinity of Toledo and La Dura. Another blue print produced was a plat of the town, with parks, plazas and other attractive features galore. Still Mr. Crane didn't know anything about it."

"About the same time the Oasis editor was introduced to the stranger in the office of a business man in the Sonora metropolis, and while the blue prints were not shown him, the question was put:

"Where is the town of Victoria?"

## LIBERALS WIN IN LONDON

An Election Held Yesterday  
Shows Strongly Liberal—  
Contention in England is  
Fastly Declining

London, Jan. 17.—The most prominent feature of today's election returns was wholly unexpected and made by Birmingham. Not only were all of Joseph Chamberlain's seven candidates returned, but Mr. Chamberlain himself secured a majority of 5,000, while the majority of others averaged 2,000.

The results at Birmingham are of the highest importance. They prove the lessening of Liberal contention, and that this general election has killed fiscal agitation for generations to come.

The outcome affords a striking contrast. While Mr. Balfour stands discredited as a leader, with his supporters all swallowed up and himself angrily criticised from his own side, Mr. Chamberlain issued from the contest with flying colors. It is now hinted that the party must in the future look toward Birmingham for hope of guidance. London has gone distinctly Liberal.

## MURDERED HIS FAMILY.

Ayers Killed Himself After Burning  
His Home.

Pembroke, N. H., Jan. 17.—Seven persons, all members of the family of Chas. Ayers, are supposed to have perished in a fire which destroyed the Ayers farm house near here today. The bodies of the children and of Ayers' mother-in-law have been found in the ruins. Ayers shot and killed himself an hour after the fire was discovered. It is the theory of the county authorities that Ayers was the murderer.

"That is just what I have been trying to find," was the reply. And the scribe proceeded to pump, but got nothing. Mr. Taylor, in whose office we were, said he had heard that the place lies between Toledo and La Barranca. As the two places are some ten or twelve miles apart, there is room there for several towns, and so said the editor.

"Last Saturday at Hermosillo the scribe met H. C. Gerber, general manager for the Yaqui River Smelting & Refining company, who had just come in from Toledo, and to him was put the question:

"Where is the town of Victoria?"

"Damned!"

"Is it between Toledo and La Barranca, up near the coal mines; or is it down the river from La Dura, on the flat opposite Onavas?"

"Damned!"

"Then Mr. Gerber was told of the search that is being made for the town by those who have bought lots."

"Well, now," said he, "maybe that is what Blank meant when he was last in Sonora. When he left he said to me: 'I have something good now to sell to all my friends back East. They have been pestering me for mines until I am tired out. There ain't enough of them to go around. Now I've got something that they will all like, and there are enough to go around.'"

Lady Macabees Lodge—Requests the lady members to meet at the Medigovich Hall at 9:30 a. m. Thursday to attend Mrs. Littlejohn's funeral.

## ORDER FOR ARREST OF B. F. GRAHAM HAS BEEN SUSTAINED

(Special to Review.)

Douglas, Ariz., Jan. 17.—Word was received here this afternoon, in a telegram from the City of Mexico, stating that the Supreme Court of Mexico had refused to uphold the stay of execution of the order of the Court of Moctezuma for the arrest of Messrs. Graham, Brooks and Wiley, in connection with the taking of the El Tigre mine in July last, which property was at that time in possession of the El Tigre Mining Company.

The information came in a telegram to Attorney F. J. Haff, representing the El Tigre company, and was signed by the Mexican attorney for the El Tigre Mining company, who is at present in the City of Mexico. The telegram further states that the decision was handed down on yesterday, and again places the defendants, Graham, Brooks and Wiley subject to the orders of the court at Moctezuma.

Last July B. F. Graham, accompanied by Brooks et al., left Douglas, and proceeding to the mine in Sonora took possession, claiming that the El Tigre company had forfeited its payment under the terms of the contract. A short time later an order for the arrest of Graham, Wiley, Brooks et al., was issued out of the District Court at Moctezuma. Later an "embargo," or stay of execution of the order of the court at Moctezuma, was secured by Graham et al. from the judge of the Nogales district, and since that date the order has been in abeyance pending an appeal to the City of Mexico, a decision being handed down yesterday.

The decision yesterday from the City of Mexico is the first intimation from the Supreme Court of Mexico on the merits of the now famous Graham-Tigre law suit. It would appear from the decision that Graham had no legal right to proceed to the mine in July last and take forcible possession, and that if the three named defendants come within the jurisdiction of the court at Moctezuma, the order for their arrest will be executed.

## POSTMASTER CASSIDY CONFIRMED BY SENATE.

Washington, Jan. 17.—The Senate in executive session today confirmed the appointment as postmaster for Arizona of M. E. Cassidy, of Bisbee, and Edward A. Folsom, of Naco. Mr. Cassidy secured his appointment last summer after a bitter contest with Lewis Hunt. Postmaster Cassidy's reports have been very favorably received in Washington. The Bisbee postoffice now ranks second in increase of business in Arizona, Tucson leading. Mr. Cassidy's appointment was brought about by Eastern influences being brought to bear, and which were very friendly to President Roosevelt.

## NOGALES WOMAN COMMITTS SUICIDE

Wife of Customs Inspector  
Drowns Herself in  
a Tank

(Special to Review.)

Nogales, Ariz., Jan. 17.—Mrs. James Mix, wife of United States Customs Inspector Mix, of this city, committed suicide by drowning herself in a water tank in the rear of the family residence. The body was found in the tank by her daughter, Mrs. Walter McCurdy.

Mrs. McCurdy, with the younger Mix children, had been out, and on returning home at 12:30, missed the mother, who had been left alone in the house. As she had not expected her mother to go out during her absence, Mrs. McCurdy at once commenced a search of the premises, and finally climbed the ladder at the tank and looked into the water, there seeing the dead body of Mrs. Mix. She immediately gave the alarm, and Mr. Mix, who is on duty during the night and was at the time in bed, hurried to the tank and raised his wife's body from the water. Customs Inspector O'Keefe, called from the line near by, assisted him, and together they took the body from the tank to the house.

Mrs. Mix was a most estimable lady, and her rash act has grieved and shocked scores of friends. She was a sister-in-law of Captain L. W. Mix, the millionaire contractor and promoter, who is now in the City of Mexico.

Howard Wilson was an outboard passenger yesterday for a short trip to the coast. After his trip he will return to Phoenix to make his home.

## MEXICAN FOUND DEAD.

No Clue as to Cause of Death Has  
Been Ascertained.

Douglas, Ariz., Jan. 17.—(Special.)—Jose Navarro was found dead about 4 o'clock yesterday morning at the Copper Queen smelter slag yard. He lay near the car track. His hand was cut off by the slag car passing over it, and his head was crushed, but it was not ascertained by the coroner's jury whether his head was crushed

## ARIZONA PIONEER DIES AT GLOBE.

The Globe Register of recent date announces the death in that city of Phil Clanton last week. He was a brother of the Clanton Boys, who contributed considerably to the early history of Southern Arizona and Tombstone, and who finally met death in a street fight with the Earps in 1881 in front of Mrs. Fly's photograph gallery, which light is still a memory in the minds of many of the old residents of Tombstone. Phil was in the fight, but managed to escape. He was afterwards sent to Yuma on some charge and served out his term. During recent years he has been a resident of Globe.

## GOOD CHANCE TO DEFEAT JOINTURE

Anti-Joint Statehood League  
Urges Loyal Citizens  
To Act

Tombstone, Jan. 17.—Clerk Howe, of the Board of Supervisors, is in receipt of the following letter from the Anti-Joint Statehood League in Phoenix:

"Dear Sir:—It is of great importance that you should wire Hon. Mark A. Smith, House of Representatives, Washington, D. C., against joint statehood bill in Congress, which joins Arizona and New Mexico in one state, and it is of great importance that your board should immediately wire Delegate Smith as requested."

In reply to the above the clerk wrote the League in Phoenix that at the recent meeting of the Board strong resolutions were adopted against the joint statehood bill and copies of which were sent to Senator Flint and Congressman Tawney, but if the League thought it necessary to send a message to Delegate Smith, the matter would be taken up. The City Council also received a similar letter, and will take some action in the matter as soon as that body meets.

by the slag car or by a fall from the feed door above to the slag pile.

Jose was in the employ of Solomon Ramirez in a restaurant on Ninth street. He left there about 9 o'clock Saturday night, and until found dead at the smelter in the slag yard at 4 o'clock Sunday morning had not been heard of since. Many employees at the smelter were questioned by the coroner's jury, but no light on the responsibility for the man's death could be shed. The jury returned a verdict this morning as follows:

"Jose Navarro, age 30 years, native of Mexico, came to his death by wounds on head received in unknown manner at Copper Queen smelter. No blame can be attached to the Copper Queen company, the said party not being in their employ."

## OFFICERS HUNT- ING MURDERER

Cupid Working Overtime  
Among Cochise Young  
People

(Special to Review.)

Tombstone, Jan. 17.—Officers here have been notified to look out for a Mexican named Ramon Castro, who is wanted by the authorities of Pima county for the murder of a Mexican woman at Silver Bell camp Monday. He is described as being of stout build, 5 feet 8 inches high, smooth-faced and pox marked. Complexion medium.

The Boquillas Land and Cattle company has brought two injunction suits in the District Court. One suit is against the Larrieu Brothers et al., and the other against Peter Crane. The injunction was issued out of the District Court, but the application for the injunction was made before Judge Kent in Phoenix. The injunction restrains the defendants from removing any buildings, fences, improvements, fixtures, trees or wood cut from trees from the premises held by them on the Boquillas grant for the past twenty years, and which by a confirmation of the decision of the courts of Arizona the U. S. Supreme Court has decided that the lands and premises are the property of the grant people. The defendants have been notified by the grant people to move off the grant, and as a consequence are getting ready to move, and the injunction prevents them from taking anything but their personal property from the lands which they have been occupying.

E. J. James has been appointed by Probate Judge Goodbody to the position of clerk of the Probate Court, and has already entered upon the duties of the office. Mr. James has been a resident of the county for a number of years, and has made his residence in Tombstone and Bisbee most of the time. During the last year he was the office deputy of County Assessor B. J. O'Reilly.

The following marriage licenses have been issued since Monday: N. C. Hanson to Emma Calhoun, both of Bisbee; Jose Maria Peralta and Maria Comacho, both of Douglas; L. S. Bryant and Anna Below, both of New York; Chas. Logan and Lena Marquanta Carotto, both of Bisbee.

Deputy Sheriff Benet was called to Tucson last evening to get two men charged with breaking into a box car at Mesal on Monday afternoon. The men had been arrested by the railroad officials and taken to Tucson. They were brought back to Benson this morning by the deputy, and will be held there until the witnesses can be got together and the men given a preliminary examination. Three men broke into a box car at the station and stole a lot of blankets. Soon after the car had been broken into the theft was discovered, and with the aid of a hand car pursuit of the robbers was made. Two of the men were captured between Mesal and Pantano, but the third one, who had the plunder, succeeded in making his escape. Officers are after him, and it is expected that he will be captured shortly.

## FOREIGN IMMIGRANTS FILLING AMERICA

Many Allens Shipped To  
This Country are  
Inadmissible

Washington, Jan. 17.—In response to a resolution passed by the House, Secretary McCall, of the department of commerce and labor, today sent to the House a report of Special Immigration Inspector Marcus Braun, which deals at great length with the character of immigrants coming to this country and the attitude of European governments on the matter. Mr. Braun declares he has uncontroverted evidence that while the number of aliens shipped to this country who are legally inadmissible because of disease is diminishing, immigrants inadmissible for other reasons are constantly brought into America in large numbers "by concerted action of some European governments and steamship agencies, by bankers and schemers of all sorts."

He cites the fact that \$50,000,000 were sent last year from the United States to Austria-Hungary alone from these immigrants. Based upon his investigation, Mr. Braun recommends among other things that the United States maintain abroad secret surveillance of undesirable immigration, and that a bond be required of not less than \$25,000 from persons engaged in the United States in sale of steamship tickets, forwarding money, contracting labor, etc., for faithful and conscientious performance of obligations and contracts.

## CAMPAIGN IS STARTED

Chamber of Commerce  
Will Take Up Question  
of Sewer Bonds

## COMMITTEE APPOINTED

Will Endeavor to See That  
Every Qualified Voter Is  
Registered Before  
Jan. 25th

That the people of Bisbee, and especially the business men and property owners of the city, are enthusiastic over the proposition to issue sewer bonds for the better sanitary regulation of the community, and as a guard against the prevalence of disease in the future, was made evident at a meeting called for the special purpose of discussing this important matter at the office of Frank J. Graf last evening.

The meeting was largely attended, in fact it was the largest meeting since the organization of the Bisbee Chamber of Commerce. Among those not present were Rev. Burcham, H. H. Givins, M. E. Cassidy, L. R. Allen, Newman, M. J. Cunningham, W. P. McNair, F. A. Sutter, E. A. Torrea, J. L. Boston, Carl Behn, C. M. Henkel, J. J. Bowen, J. M. O'Connell, W. H. Brophy, F. J. Graf, Fritz Harrington, Walter Douglas, Sam Frankenberg, Rev. Fry, S. A. Merritt, Wm. Robinson, W. B. Kelly and a score of others.

Owing to the absence of President Hood, First Vice President W. H. Brophy presided, who stated in brief the objects of the meeting, and from his standpoint the vital necessity of a sewer system for the city. Mr. Brophy was followed by several others present, including S. A. Merritt, Walter Douglas and L. W. Wallace, who spoke along the same lines. After some discussion, it was decided by a unanimous vote to prepare, under the supervision of the Chamber of Commerce, a statement to the property owners and qualified voters of the city, setting forth the sewer bond question in its different phases, the exact cost to the taxpayers, how the bonds are to be paid, the cost of maintenance of the sewer, and the benefits to be derived to the community at large.

The object of the Chamber of Commerce had in view was to place before the people a clear and concise statement of the question in order that there might be no misunderstanding. In pursuance with this motion the president appointed as a committee to prepare the necessary information and data: W. B. Kelly, S. A. Merritt and W. P. McNair. The committee was instructed to draft a statement of the sewer bond proposition and to submit it to a later meeting of the Chamber of Commerce for approval.

In the discussion preceding the appointment of this committee the point was made by one speaker that the statement to the public should be clear on the proposition that the voting for the sewer bonds had no connection with the vote for the water franchise, and that in the event that the sewer bonds carried, and the water franchise was defeated, that the Council could use their own discretion regarding the advance of the bonds until such time as they could make satisfactory arrangements regarding water for flushing purposes.

From the sentiment expressed last night it is evident that the Chamber of Commerce intends to use every legitimate effort to carry the sewer bond election, and there was not a business man present last night who did not express himself favorably upon this question.

Carrying out this decision three committees were appointed in the several wards of the city whose business it will be between now and the date registration closes to see that every property owner and qualified voter is registered. For this purpose the following committees were appointed:

First Ward—E. A. Torrea, M. E. Cassidy, J. M. O'Connell.

Second Ward—L. W. Wallace, J. L. Boston, L. R. Allen.

Third Ward—C. M. Henkel, C. E. Rinehart, Thos. Grady, A. L. Vaughn, Wm. Robinson.

On Saturday evening, Feb. 3, it is the intention of the Chamber of Commerce to hold a mass meeting at some central point, to be announced later, which meeting will be addressed by several speakers on the merits of the sewer bond issue. A committee appointed to make arrangements for this meeting consists of S. A. Merritt, Frank Graf and F. A. Sutter.

The question of the Water franchise
